

EXTRA WIDE APPLICATION RANGE FOR CUTTING DIFFERENT MATERIALS

ED-55
Battery Powered Cable Cutting Tool

5~8s
PER CYCLE TIME

2 YEARS
20000 CYCLES
ED SERIES
BATTERY POWERED CABLE CUTTING TOOL

ED-55
Battery Powered Cable Cutting Tool (Closed head with bolt interlock)

The ED Series give another option for a fast and reliable way to cut operation. ZUPPER get the tool to cut different kind of cables, include armoured Cu/Al cable, ACSR, Cu/Al Cable, The tool comes standard with two 18V, 4.0Ah Li-ion batteries and one charger, motor drives, Micro-computer control system, OLED display and two stage hydraulic system with fast feed and power control.

Characteristics

- OLED Data Display to show cutting time, Electricity Quantity, maintenance reminding and fault code.
- Air Cooling Heat dissipation System to extend using life.
- Cutting head rotates 350°
- Two stage hydraulic system with fast feed and power control
- Quick motor stop guarantees highest safety for the operator
- Automatic retraction when cut is completed
- Electronic control and monitor of Cutting operation
- Ergonomic design and optimized position of centre of gravity

Kit includes:

one cutting tool, two 4.0Ah Batteries, one charger and carrying case
